

LD Systems MAUI P900 SAT BAG - Padded Carry Bag for MAUI P900 Column

CARACTERISTIQUES GENERALES :	
Réf :	AH-LDMP900SATBAG

LD Systems MAUI P900 SAT BAG - Padded Carry Bag for MAUI P900 Column

Custom designed for the convenient transport of your MAUI P900 column elements, this carry bag is made of abrasion resistant and water repellent 1680D nylon. Precision-shaped inserts perfectly accommodate the unique column contours, and thick 16 mm padding provides protection against dings and damage. The MAUI P900 column bag features two strap handles, heavy gauge head-to-head zippers and a detachable adjustable shoulder strap. With its stylish design and charcoal piping, it is the perfect match for the MAUI P900's elegant lines.

- Made of hard wearing 1680D nylon
- Stylish design to match the MAUI P900's looks
- Shock absorbing padding
- Custom-fit column element inserts
- Heavy gauge head-to-head zippers
